

## Water Service Line Inventory

The City of Dyersville is updating its records of water service lines as part of an Iowa DNR/State requirement. The city needs your help to identify private service line material. Please complete the questions below or complete the online form at [www.cityofdyersville.com/225/utilities](http://www.cityofdyersville.com/225/utilities). The city is requesting photos of your main interior service line inside the house/business. Should you have any questions or if you are unable to check your service line yourself, please contact City Hall at 563-875-7724 or email [Lpanton@cityofdyersville.com](mailto:Lpanton@cityofdyersville.com) and we will help you. See the attached sheet for some helpful information. For more information regarding the DNR guidelines, please go to [www.iowadnr.gov](http://www.iowadnr.gov) and search *lead service lines*. Thank you for your cooperation.

As a reminder, the property owner owns the water service line, which is the line from the water main to the property.

**Please complete a sheet for each property/building you own.**

Property owner name: \_\_\_\_\_

Property address: \_\_\_\_\_

Phone Number: \_\_\_\_\_ Email Address: \_\_\_\_\_

Year service line installed (if original, date the house/business was built): \_\_\_\_\_

Please circle best answer.
